How the Program Works

The two-semester program covers 10 classes. Each class runs for 3 weeks in sequence from September to May, with breaks for Reading Weeks and Christmas. Classes are every Tuesday

evening from 6:30 - 9:30pm with ongoing reading and homework assignments to work on throughout the week.

The first 6 classes are considered the Core Track. After completing the Core Track, students will decide which of the Split Tracks they will pursue for the remaining 4 classes - Marketplace Focus or Pastoral Focus. You can find [an overview of the classes here.](#)

**The Pastoral Focus is by no means an indication that the student will become a pastor or be ready to start pastoring, it is simply an indication of their ministry focus.*

***Students will also have the opportunity to complete the classes in the other track after the 9-month program concludes if they are interested in doing so.*
